Course Requirements

- **Homework Assignments**

Students will complete weekly online homework assignments on Moodle based on the topics covered in class. These assignments are designed to consolidate grammar, vocabulary, and reading/writing skills developed throughout the course.

Each homework assignment is graded. Failure to submit an assignment results in a grade of zero for that task. All grades, including zeros, are included in the calculation of the homework component.

The final Homework Assignments grade corresponds to the average of all homework assignments, which contributes 5% to the final course grade.

- **Written Test (midterm)**

The exam is rated on a scale of 0-100 points, with students being given 1 hour to complete it. The test will evaluate students' reading and listening comprehension, writing, grammar, and vocabulary.

- **Video Presentation 1**

Students will record and upload a video (2–3 minutes) presenting a healthy recipe. They should describe the ingredients, preparation steps, and personal connection to the dish. The video should be recorded in Portuguese and uploaded to the Moodle platform by the deadline specified in class.

This presentation focuses on vocabulary acquisition, pronunciation, and fluency. It is worth 10% of the final grade.

- **Video Presentation 2**

This second video task consists of a 2–3 minute recording in which students present a popular festival or celebration from their country or region. They should explain when it takes place, its cultural meaning, and what people typically do during the event. Students are encouraged to include visual materials or photos. The video must be submitted on Moodle by the assigned deadline.

This assignment evaluates the student's ability to convey information using descriptive language and cultural references. It represents 5% of the final grade.

Final Oral Exam

Students will complete a final oral exam in pairs, with a duration of 5 to 10 minutes per pair. The pairs will be assigned by the instructor in advance to ensure a balanced evaluation.

- **Final Written Exam**

Format and Structure

The final written exam will last **1 hour and 30 minutes**, with an additional **30 minutes of tolerance**.

- **In-Class Oral Presentation**

In the final phase of the course, students will deliver an **individual in-class oral presentation** expanding on the topic explored in **Video Presentation 2**.

The presentation must be delivered **without reading from written notes or scripts**. The objective is to assess the student's ability to communicate ideas spontaneously and clearly in Portuguese.

Students are encouraged to use **multimedia support** (images, slides, photos, short videos, objects, etc.), which should serve only as visual aids and not as written prompts.

Attendance

Students must attend at least 88.9% of sessions. This means that students may miss **no more than three classes**.

Students who do not meet this requirement **will not be eligible for final grading**.
